

The Very Large Table

PORCELAIN EDITION

VLT SERIES BY WME0

SPECIFICATIONS

→ MEET THE NEW VLT. THIS ONE'S IN PORCELAIN

Every VLT is made to order. And our Porcelain tops are kiln-fired in a pristine marble or stone finish to suit any space or aesthetic. Porcelain is ridiculously strong and light for its size. And for the VLT top, slabs of marble are scanned at NASA-level resolution and then fired into the ceramic surface. While it looks and feels exactly like marble or stone, porcelain outperforms them both. It's UV stable, scratch-resistant and it simply won't stain, regardless how much red wine gets spilled on it. Plus there's none of the maintenance required by natural stone tops.

Frames, too, are designed to order. From cast bronze or powdered aluminium. Simply choose one of our designs to be handmade to order by master craftsmen and precision cut by perfectionists. Every Porcelain VLT is rare; impeccable and sleek with a span that feels gravity-defying. And can only be achieved due to Aerospace technology which enables us to support porcelain tops long enough to seat 14 people set upon four slender legs.

VLT SERIES — PORCELAIN EDITION

→ BEAUTY IN THE DETAIL

Whether you prefer a more rectangular form, with a leg at each corner. Or a softer shape with rounded ends and room for two more. Both are set on a refined industrial aluminium frame, or upon bronze, honed or patinated in brown or black. Every Porcelain VLT is designed for use inside or out.

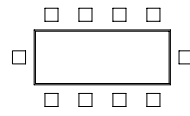

WMEO

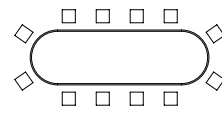

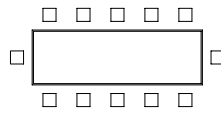

→ FRAMES

A question of size. Whether you choose long, lean, oval or wide, the sheer span of a VLT makes it memorable. In size M to XL, seat 10 to 14 people.

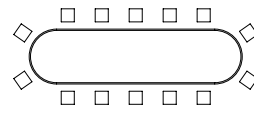

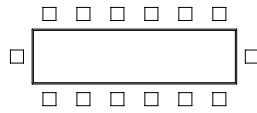

M → Seats 10-12
From 2,7m (9ft)

L → Seats 12-14
From 3,3m (11ft)

XL → Seats 14-16
From 4m (13ft)

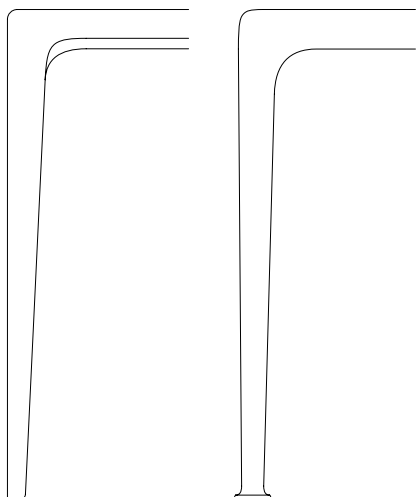

→ FRAMES

Available in Cast Bronze or Aluminium.
